#### 8 Continuation of Discussion on the Recreation & Aquatic Center Expansion Project

City Manager Manns noted that City staff favored project funding via the second Penny for Pasco, but also considered funding through a bond, to be applied for at the same time as City refinancing was taking place.

Councilman Davis also preferred Penny for Pasco funding, and expressed concern regarding expansion of the originally-planned project and the additional monies required. Especially noted was the pool deck refurbishment and the front parking/drop-off addition.

Councilwoman DeBella Thomas asked to revisit the additional pool lanes, noting that state swim meets would be a revenue opportunity for the entire City. Councilman Starkey suggested that the City plan for the future and invest in the City, to improve City demographics by providing attractions that would entice quality residents.

Deputy Mayor Phillips opined that the refurbished Recreation and Aquatic Center would drive other City projects, including its economic development. He approved of the bond acquisition to complete the Center plus other current projects such as the Hacienda, the Marine District, and the Swanson parking garage. Mayor Marlowe agreed, suggesting Penny for Pasco funds to assist with completion. Councilwoman DeBella Thomas thought the completed projects would provide a sense of community; she reiterated possibly relocating the library computers to the Center.

Councilman Davis stated that the Swanson lot was too valuable real estate (next to the Hacienda and the park) for a parking garage, and suggested placing it behind the bank building. Mayor Marlowe and Deputy Mayor Phillips agreed that the garage could be located away from those elements.

The Council's consensus was to consider all current projects as a whole-town approach; Councilman Davis also approved the projects' scope and the bond acquisition.

Direction was given that, since the return on the investment made good sense, to proceed with the Recreation Center project as planned. This would be preferable to cutting back or removing certain portions, and regretting such actions later.

#### 9 Adjournment

Councilman Starkey was pleased with the number of positive changes in the City, and Councilwoman DeBella Thomas was happy about the Council's interaction with each other.

Councilman Davis asked if the millage could be reduced. Deputy Mayor Phillips asked if New Port Richey's #8 ranking could be placed on Facebook, the Recreation and Aquatic Center site, and other social media. He asked for a listing of first Penny for Pasco allocations from Finance Director Altman, and asked if the roadside memorials should be removed.

A discussion was opened concerning the roadside memorials. Councilman Starkey thought that a standard sign could be used for the various locations and he, together with Councilwoman DeBella Thomas and Mayor Marlowe, were in favor of setting a time limit for the displays. Councilman Davis suggested researching the matter with Dobies Funeral Home, Morton Plant North Bay, and other grief professionals to determine how to proceed.

Mayor Marlowe expressed his pleasure in working with the Council members on City issues, and the quality of the work accomplished so far.

There being no further business to consider, upon proper motion, the meeting adjourned at 8:15 pm.

Agendas may be viewed on the City's website: www.citynpr.orgThis meeting is open to the public. In accordance with the Americans with Disabilities Act of 1990 and Section 286.26, Florida Statutes, all persons with disabilities needing special accommodations to participate in this meeting should contact the City Clerk, 727-853-1024, not later than four days prior to said proceeding.

# MINUTES OF THE CITY COUNCIL REGULAR MEETING CITY OF NEW PORT RICHEY

NEWPORT RICHEY CITY HALL COUNCIL CHAMBERS 5919 MAIN STREET, NEW PORT RICHEY, FLORIDA August 4, 2015 7:00 PM

# ORDER OF BUSINESS

1. Call to Order – Roll Call

The meeting was called to order by Mayor Rob Marlowe at 7:00 pm. Those in attendance were Deputy Mayor Bill Phillips, Councilman Chopper Davis, Councilman Jeff Starkey, and Councilwoman Judy DeBella Thomas.

Also in attendance were City Manager Debbie Manns, City Attorney Joseph Poblick, City Clerk Doreen Summers, Finance Director Peter Altman, Chief of Police Kim Bogart, Library Director Susan Dillinger, Development Director Lisa Fierce, Fire Chief Chris Fitch, Economic Development Director Mario Iezzoni, Public Works Director Robert Rivera, Parks and Recreation Director Elaine Smith, Technology Solutions Director Bryan Weed, and Human Resources Manager Bernie Wharran.

- 2 Pledge of Allegiance
- 3 Moment of Silence

A moment of silence was held to honor American servicemen and -women serving at home and abroad.

4 Approval of the Minutes of the July 21, 2015 City Council Work Session and Regular Meeting

Motion made by Bill Phillips and seconded by Judy DeBella Thomas. The Motion Passed. 5-0. Ayes: Marlowe, Phillips, Davis, Starkey, DeBella Thomas.

5 Vox Pop for Items Not Listed on the Agenda or Listed on Consent Agenda

Upon opening the floor for Vox Pop, Indian Rocks resident Don House came forward to thank Public Works for their flood control. He objected to his code enforcement violations, noting that certain council members' houses looked worse. He stated that the Code Enforcement officer was untruthful, and asked that landlords be treated with respect.

City resident Paul Black stated that, during his late-evening walk near the Hacienda, he noted that the leafblower followed the streetsweeper, destroying all its cleanup efforts. Terry Kline, speaking on behalf of the West Pasco Historical Society, thanked the City Manager, Mayor Marlowe, and the Parks and Recreation Department for saving the Sims Park hickory trees. He wished that the park's oak trees had also been able to be saved.

City resident Deborah McMartin asked that the City purchase longer street barricades for closed streets, to inhibit drivers moving them or running over them.

City resident William Browning complained regarding the lack of police presence in deterring late-night speeding on Nebraska Avenue. He suggested speed bumps or a police patrol. Mayor Marlowe asked Chief of Police Bogart to place a radar speed sign at the location.

City resident Catherine Fata asked for a radar speed sign and police presence to combat "racetrack" conditions on Van Buren Street and Central Avenue, which have resulted in several crashes. She cited minibike racing on Van Buren Street, and expressed concern for the safety of the many children who walked on the edges of the street because it had no sidewalks. Additionally, she asked for money in the budget to provide for longer library hours and more assistants. Deputy Mayor Phillips asked Director Rivera to review Van Buren Street traffic data, and consider sidewalks.

City resident Bette Sasse stated she would never have moved to New Port Richey two years ago if she had been aware of the local conditions. She cited rampant prostitution on Old Main Street, a constant prostitute pickup presence at the Winn-Dixie, and drug dealing at Old Main and Polk Streets, specifying a problem residence at 6430 Polk Street. Mayor Marlowe asked Chief Bogart to contact Ms. Sasse for further information.

City resident Mike Hogan complained regarding prostitution at the Dollar General Plaza, specifically at the liquor store location. He noted drug dealing at Montana Avenue and Lincoln Street, commenting that since the nuisance motel closing, the resident elements moved

their operations to downtown. He also made note of the shirtless, barefoot, revealing clothing being worn downtown, stating it was inappropriate to the City's image-revival efforts, and asked if a dress code could be considered.

None else coming forward, Mayor Marlowe closed Vox Pop and returned the floor to Council.

#### 6 <u>Consent Agenda</u>

Motion made by Bill Phillips and seconded by Jeff Starkey. The Motion Passed. 5-0. Ayes: Marlowe, Phillips, Davis, Starkey, DeBella Thomas.

- a Parks and Recreation Advisory Board Minutes June 2015
- b Purchase Payments

#### 7 <u>Public Reading of Ordinances</u>

a Second Reading, Ordinance 2015-2056: Residential Rental Housing Exterior Inspection Program

City Attorney Poblick read the proposed ordinance by title only. City Manager Manns stated that the ordinance's purpose was to prevent the growth of slum and blight conditions by enforcing a rental property's inspection every three years. The rental inspector position was provided for in the next fiscal year's budget, and the program would commence in January 2016.

Upon opening the floor to public comment, City resident Tom Maas stated that as owner of 30 rental properties throughout Pasco County, he wanted homeowners added to the inspections, since many of those properties were in worse condition than rental properties. Following that, he suggested adding businesses also, since many of them were in poor condition. He thanked Code Enforcement Officer Nichols and the Police and Public Works departments for their assistance.

Indian Rocks Beach resident Don House agreed regarding additional inspections. He stated that he owned 17 houses in Jasmine Heights, the four worst properties in that neighborhood were owned, and two additional properties were empty for years and should be condemned. He asked that the ordinance also address bank-owned (foreclosed) property upkeep, and opined that the ordinance as proposed was discriminatory and unfair.

City resident Ron Holliday agreed that owned properties were the least maintained, and that crime and prostitution had moved into New Port Richey from U.S. 19. He asked that the City hire additional code enforcement officers. Per Councilman Davis's request, Mr. Holliday stated he would provide Officer Nichols with a nuisance property list, and would contact Chief Bogart.

None else coming forward for public comment, Mayor Marlowe returned the floor to Council. Deputy Mayor Phillips asked to expedite the inspection process, commenting that three years was too long to complete the review of all City rentals. Mayor Marlowe and Councilman Davis agreed. Councilman Starkey also agreed, and stated that the City was not just targeting rental property owners, but that the ordinance was one tool out of many to be used to correct all deteriorating City conditions. Councilwoman DeBella Thomas suggested engaging the community and its various service groups to assist with neighborhood improvement.

Motion made by Bill Phillips and seconded by Jeff Starkey. The Motion Passed. 5-0. Ayes: Marlowe, Phillips, Davis, Starkey, DeBella Thomas.

#### 8 <u>Business Items</u>

a Alcoholic Beverage Special Event (ABSEP) - Night in the Tropics

None coming forward for public comment, Mayor Marlowe returned the floor to Council. Councilwoman DeBella Thomas recused herself from the vote; her Form 8B is appended to these minutes.

Deputy Mayor Phillips commented that the application contained outdated information, and asked that staff ensure that attached information is current. Councilman Starkey voiced interest in bringing new events to the City and Sims Park. Councilman Davis commented that Nebraska Avenue businesses were suffering from frontage blockage during events, and asked that open space be provided for entryway access. Mayor Marlowe suggested placing tents in the middle of the street; Councilwoman DeBella Thomas responded that the electric power outlets were located at the side of the road.

Motion made by Bill Phillips and seconded by Jeff Starkey. The Motion Passed. 4-0. Ayes: Marlowe, Phillips, Davis, Starkey. Abstain: DeBella Thomas.

b Request to Purchase CAD, RMS and MDIS Software

None coming forward for public comment, Mayor Marlowe returned the floor to Council.

Motion made by Bill Phillips and seconded by Chopper Davis. The Motion Passed. 5-0. Ayes: Marlowe, Phillips, Davis, Starkey, DeBella Thomas.

c Approval of RFP 15-019: Recommendation for Banking Services

None coming forward for public comment, Mayor Marlowe returned the floor to Council. SunTrust representatives stated they would provide benefits to City employees via their "SunTrust at Work" program.

Motion made by Jeff Starkey and seconded by Judy DeBella Thomas. The Motion Passed. 5-0. Ayes: Marlowe, Phillips, Davis, Starkey, DeBella Thomas.

d 2014/2015 City Hall and Library Re-Roofing Project Close-Out

None coming forward for public comment, Mayor Marlowe returned the floor to Council.

Motion made by Chopper Davis and seconded by Jeff Starkey. The Motion Passed. 5-0. Ayes: Marlowe, Phillips, Davis, Starkey, DeBella Thomas.

e 2013/2014 City Hall Parking Lot Project Close-Out

None coming forward for public comment, Mayor Marlowe returned the floor to Council.

Motion made by Chopper Davis and seconded by Bill Phillips. The Motion Passed. 5-0. Ayes: Marlowe, Phillips, Davis, Starkey, DeBella Thomas.

f WWTP Reject Storage Site Reclaimed Water Irrigation Project Close-Out

None coming forward for public comment, Mayor Marlowe returned the floor to Council.

Motion made by Chopper Davis and seconded by Bill Phillips. The Motion Passed. 5-0. Ayes: Marlowe, Phillips, Davis, Starkey, DeBella Thomas.

g Roster Acceptance, Land Development Review Board

None coming forward for public comment, Mayor Marlowe returned the floor to Council.

Motion made by Judy DeBella Thomas and seconded by Jeff Starkey. The Motion Passed. 5-0. Ayes: Marlowe, Phillips, Davis, Starkey, DeBella Thomas.

h Three-Minute Report, Fire and Emergency

No action was required.

i Three-Minute Report, Human Resources

No action was required.

#### 9 Communications

Councilman Starkey thanked staff for their rainstorm containment and repair efforts. He expressed his desire to correct the perceived tension between the City and Greater New Port Richey Main Street (GNPRMS), and unite their event-holding efforts for the betterment of the community. He asked for a discussion regarding projection screens at the Sims Park amphitheater.

Councilwoman DeBella Thomas asked for a storm repair summary from Public Works Director Rivera. She stated she had been honored to have worked with GNPRMS. In response to her query, Chief Bogart asked residents to call the police department and give the location of witnessed criminal activity, including neighborhood panhandlers and grifters.

Mayor Marlowe thanked Director Rivera and the Public Works Department for their flood control and street repair efforts. He agreed that the Sims Park amphitheater projection screens were a good addition.

Deputy Mayor Phillips was also in favor of the screens, and asked the City to determine whether the screens could be affordable. He was grateful for the state-of-emergency declaration, commenting that the declaration would assist with repair funding. He was also appreciative for the delayed second reading to yard parking ordinance 2015-2038, since the delay allowed time for the public meetings. He asked for careful assessment of the CRA refinancing plans, and reminded those assembled of the Gulf High School alumni celebration on October 16 in Railroad Square.

Councilman Davis asked Director Rivera to provide rainstorm details.

- Over 11 days, 22 inches of rainfall were registered at the Wastewater Treatment Plant
- 6.03 inches of rain were registered on Monday, August 3
- 12,000 sandbags were distributed in one week
- The treatment plant, designed to process 7 million gallons per day, treated a 12 million gallon average during the period, with 14 million gallons treated on Monday, August 3
- 17 roadway segments were damaged

**RE:** First Reading, Ordinance #2015-2052: Downtown Core Future Land Use Category

#### **REQUEST:**

Council is to conduct a (first) public hearing of the ordinance.

#### **DISCUSSION:**

This item was tabled at the June 16, 2015 City Council meeting for an analysis of expanding the proposed boundary area. The results show the potential for traffic impacts and incompatible uses that would be difficult to mitigate. An amendment to include additional land may be considered in the future.

As the City continues its efforts to redevelop catalytic properties in the downtown, Staff proposes a new future land use category to further encourage and incentivize development in the heart of New Port Richey. The intent of the Downtown Core (DC) future land use category is to promote higher density to create a stronger residential base from which other developments will be established. A companion ordinance (#2015-2054) amending the Downtown zoning district is also scheduled for review to implement the changes contained herein.

Much like the existing Downtown Category, the proposed Downtown Core Category's primary uses are proposed to be residential, transient accommodation, retail, service and office. The secondary uses are proposed to be public/semi-public, recreation/open space and residential equivalent. Ground-floor retail uses are encouraged in this category and sites greater than one acre are required to incorporate a residential component. Additionally, the maximum non-residential intensity is proposed to be a 2.0 floor area ratio, the same as that of the Downtown Category. The primary difference between the Downtown and new Downtown Core Categories is the maximum residential density: Downtown entitles up to 15 dwelling units per acre; Downtown Core will permit 30 dwelling units per acre.

To create the new Downtown Core Category, approximately 18 acres from the existing Downtown Category will be assigned to the new designation on the Future Land Use Map. The map amendment area is the heart of downtown, located south of Central Avenue, north of Missouri Avenue, east of River Road and west of Adams Street.

Approximately five acres of the new Downtown Core Category is located within the Coastal High Hazard Area (CHHA). The State regulates density within the CHHA and prohibits additional density from current allowances. The proposed amendment would allow properties located outside the CHHA, and designated with the DC Category, the proposed 30 dwelling units per acre by right. However, properties located within the CHHA would only be able to increase density by means of the City's Coastal Transfer of Development Rights (TDR) program. The TDR program allows a transfer of density on City-owned property in the CHHA to other properties in the CHHA. The City administers a TDR entitlement bank to implement this process of which there are roughly 370 available dwelling

units.

Future Land Use Element Policy 1.6.1 is proposed to be amended to note that the City shall establish incentives which enhance opportunities for mixed-use development in the DC Category, as well as the Highway Commercial, General Commercial, Downtown, Residential/Office and Residential/Office/Retail Categories. The incentive provided in the DC Category is the opportunity for a higher residential density of 30 dwelling units per acre, either by right or by means of the TDR process, depending on location relative to the CHHA.

The Staff also proposes to amend the Downtown Category to allow transient accommodation as a use. The Staff believes it has been an oversight not to have identified this as an allowable use in this category heretofore. The Downtown zoning district presently allows hotel and bed and breakfast uses, which are forms of transient accommodation. The proposed Comprehensive Plan amendment would provide support for these uses in the Downtown District.

The proposed new language is shown with <u>underlining</u> and deleted language is shown with <del>strikethrough</del>.

#### Compatibility with Comprehensive Plan:

The proposal is consistent with the following Comprehensive Plan objectives and policies:

- CME Policy 2.2.1 The City shall maintain or reduce allowable density in the Coastal High Hazard Area consistent with the Future Land Use Map of the Comprehensive Plan.
- FLU Policy 1.2.2 The City shall encourage a balanced land use mix providing for a variety of housing styles, densities and open space.
- FLU Policy 1.6.1 In order to encourage the best use of the Highway Commercial, General Commercial, Downtown, Residential/Office and Residential/Office/Retail land use categories, the City shall establish incentives which enhance the opportunities for mixed use development in these categories.
- FLU Objective 3.2 By 2007, the City of New Port Richey shall adopt a Coastal Transfer of Development Rights (TDR) program as part of the City Land Development Code. This Coastal TDR program shall:
  - Assist in the redevelopment of the Coastal High Hazard Area (CHHA) of the City;
  - Protect environmentally-sensitive lands within the CHHA;
  - Redistribute residential development rights allocated by the FLUM to achieve the requirements of Rule 9J-5012, FAC;
  - Redistribute residential development rights allocated by the FLUM to achieve growth management goals of the City; and
  - Implement hazard mitigation strategies.

- FLU Policy 3.2.2 The City of New Port Richey shall create an "entitlement bank" where residential development rights from City-owned land that have been severed may be deposited for the purpose of implementing the Coastal TDR program.
- FLU Policy 3.2.3 As part of the Coastal TDR program, the City shall sever all or part of the residential development rights allocated by the FLUM on City-owned property and deposit those development rights into a City-owned residential entitlement bank to be used to further the growth management goals of the City.
- FLU Policy 3.2.4 Development rights authorized by the Future Land Use Map on lands owned by the City of New Port Richey within the CHHA may be transferable to designated receiving lands within the CHHA.
- FLU Policy 3.2.5 The residential development rights allocated by the Future Land Use Map in the CHHA shall not be exceeded.
- LIV Policy 2.5.8 Maintain and periodically review height and density maximums to discourage single uses that represent the inefficient use of land and public facilities and are not consistent with the size and scale of the surrounding neighborhood.
- TRA Policy 3.1.3 The Downtown TCEA will become more pedestrian-oriented through mixed-use development utilizing urban design principles including, but are not limited to:
  - a. clustered densities to preserve open space and enhance multi-modal opportunities,
  - b. transit-oriented densities and/or intensities,
  - c. building placement/build-to lines,
  - d. first floor retail in mixed-use buildings on street frontage,
  - e. parking integration with alternative modes,
  - f. pedestrian/bicycle circulation and facilities, and
  - g. roadway/right-of-way aesthetics.

#### **RECOMMENDATION:**

Staff recommends approval of the ordinance. The Land Development Review Board reviewed it at its May 21, 2015 meeting and recommended approval.

#### IV. Code Amendment COD2015-01:

Case: Code Amendment COD2015-01 – Downtown Zoning District

Applicant: City of New Port Richey, Debbie Manns City Manager, 5919 Main Street, New

Port Richey, FL 34652.

Request: Review and recommendation on an amendment to the Land Development Code to

amend the Downtown Zoning District (Ordinance #2015-2054).

Chris Mettler presented a consolidated Power Point presentation for the two companion ordinances. He explained that the two ordinances are intended to encourage redevelopment in the City's downtown. Ordinance #2015-2052 amends the Comprehensive Plan to establish a Downtown Core Future Land Use Category with a residential density of 30 dwelling units per acre, subject to restrictions in the Coastal High Hazard Area and possible participation in the City's Coastal Transfer of Development Rights program.

Chairperson Maysilles suggested the Downtown Core Category boundary be expanded to the west and north of Orange Lake. Ms. Fierce said Sims Park is west of the lake and is controlled by the City's first ordinance which restricts the uses. She indicated the goal of the ordinances is to increase residential density in the central downtown area. Mr. Mettler noted that those blocks are designated with residential categories, not the Downtown Future Land Use Category. He said that if this effort is successful, an expansion of the boundary area may be considered in the future.

Mr. Mettler said the proposal also amends the Future Land Use Map to re-designate 18.1 acres from the Downtown Category to the Downtown Core Category, amends the Downtown Category to allow hotel uses and amends a Future Land Use Element policy addressing mixed-use categories to include the new Downtown Core Category. He stated that the second ordinance, Ordinance #2015-2054, amends the Downtown zoning district to accommodate the Downtown Core Category's 30 dwelling units per acre maximum residential density and to raise the maximum building height from 35 feet to 50 feet in locations where the densities are over 15 dwelling units per acre. The ordinance also clarifies that the Downtown zoning district correlates with the Downtown Core Category as well as the Downtown Category.

Chairperson Maysilles asked about the impacts on the fire department. Ms. Fierce noted that the building and fire codes include requirements for sprinkler systems depending upon building height. Board Member Romagnoli noted that there are already buildings over five stories located in the City.

Board Member Cadle indicated he was philosophically opposed to the ordinances, as he was concerned the higher residential density would result in high-density rental properties of poor quality. He expressed the desire that the City address management of rental properties before increasing residential densities.

Board Member Romagnoli indicated he was in favor of the ordinances and agreed the City needs higher residential densities to encourage businesses downtown. He thinks the residential density is too low downtown. He noted that the City had tried in years past to increase downtown residential densities, but had been met with resistance by the State. Ms. Fierce noted that the Comprehensive Plan amendment will be forwarded to the Department of Economic Opportunity. Board Member Romagnoli noted that higher densities to the east and west of downtown will be important to sustain downtown businesses.

Chairperson Maysilles indicated that the City has historically had concerns about rental properties and safeguards should be put in place if we intend to increase the residential density. He indicated the City needed to get tougher on this issue in order not to create a monster. He reiterated that he does not believe that the proposed Downtown Core boundary is big enough to create what we need.

Board Member Cadle noted that just because you build it, they will not necessarily come. The City needs to have an attractor. Otherwise, development constructed as high-end becomes low-end. Ms. Fierce noted that the City is engaging in multiple efforts to improve downtown: improvements to the Hacienda Hotel, Sims Park, way-finding improvements and grant programs to improve properties. In response Board Member Cadle's question, Mr. Mettler said the Downtown Transportation Concurrency Exception Area makes exceptions to concurrency for traffic due to the City's grid street network.

Board Member Parrillo asked about the definition of "transient housing." Mr. Mettler indicated the term "transient accommodation" is used in the Comprehensive Plan to refer to hotel uses. Ms. Fierce described some of the uses that would be characterized as transient accommodation.

Board Member Michel indicated she was in favor of the ordinances, comparing the redevelopment opportunity for the City to that of Gulfport in previous years.

Board Member Romagnoli made the motion to recommend approval of Ordinance #2015-2052 which was seconded by Board Member Parrillo. Roll call vote: Mr. Romagnoli, yes; Mr. Parrillo, yes; Dr. Cadle, no; Mr. Maysilles, yes; Ms. Michel, yes. The motion carried (4-1).

Board Member Romagnoli made the motion to recommend approval of Ordinance #2015-2054 which was seconded by Board Member Parrillo. Roll call vote: Dr. Cadle, no; Mr. Parrillo, yes; Mr. Romagnoli, yes; Mr. Maysilles, yes; Ms. Michel, yes. The motion carried (4-1).

#### IV. Adjourn:

Ms. Fierce thanked Board Members for attending the meeting. The next meeting is June 25, 2015. The meeting adjourned at 2:30 p.m.

Respectfully submitted,

Fierce, Development Director

**DATE:** 8/18/2015

**RE:** First Reading, Ordinance #2015-2054: Downtown Zoning District

#### **REQUEST:**

Council is to conduct a (first) public hearing of the ordinance.

#### **DISCUSSION:**

In order to implement the proposed Downtown Core (DC) Future Land Use Category (pending companion Ordinance #2015-2052), the Downtown Zoning District also needs to be amended to reflect the DC Category's maximum residential density of 30 dwelling units per acre. Currently, the Land Development Code indicates that the Downtown District is consistent with the Downtown (D) Future Land Use Category only. The Code also limits residential use in the Downtown District to the second floor and above in conjunction with a ground floor commercial use and stipulates that residential use must follow the requirements of the MF-14 zoning district.

The proposed amendments to the Downtown District are to be consistent with both the D and DC Categories. Residential use will no longer be prohibited on the ground floor. Development will continue to be subject to the requirements of the MF-14 Zoning District, however, the maximum residential density will be more explicitly associated with the applicable future land use category, which would be either the D Category (15 dwelling units per acre) or the newly proposed DC Category (30 dwelling units per acre).

The proposed increase in the density in the DC Category necessitates an accommodation for increased building height. The amendment to the standards in the Downtown District includes a building height increase of 50 feet for properties designated with the DC Category. The Main Street Landing project at the southeast corner of Main Street and River Road established a 50-foot maximum building height for that project, which was a basis for this provision. Other properties in the D Category would maintain the existing 35-foot maximum height.

Approximately five acres of property designated with the Downtown District are located in the Coastal High Hazard Area (CHHA) and will be designated with the DC Category per the proposed amendment to the City's Future Land Use Map. Properties located outside the CHHA, designated with the Downtown District and the DC Category, would be allowed the 30 dwelling units per acre maximum residential density as of right. However, properties located within the CHHA, designated with the Downtown District and the DC Category, would be allowed to increase their maximum residential density from the 15 dwelling units per acre allowed per the D Category to the 30 dwelling units per acre allowed per the DC Category only by means of the City's Coastal Transfer of Development Rights (TDR) process. The Coastal TDR process allows this increase in density only by transferring residential density from City-owned properties located within the CHHA; an increase in residential density within the CHHA is otherwise prohibited.

The proposed amendments to the Downtown District regulations are intended to encourage and support higher-density residential development and a mix of land uses in the City's downtown. Higher-density residential development located downtown will make the neighborhood more vibrant and is intended to encourage demand for other uses, such as retail, service and office uses.

Allowing a greater number of residential units in the physical and economic center of downtown would make the best use of the premium location and strengthen downtown and the city as a whole. Increasing the residential population in the core area of downtown would generate more demand for goods and services in downtown and potentially generate more diversity to the retail and service mix currently offered. Downtown suffers from lingering vacancies and empty storefronts. Providing more residential options downtown and generating demand for commercial spaces is key to making downtown a complete urban center where people live, work, shop and socialize.

From a public infrastructure perspective, having goods and services located close to residents provides opportunities to reduce vehicle miles traveled and to reduce traffic congestion. The City has made significant investments in the public realm in downtown, including streets, sidewalks, parks, and civic spaces, which make walking and biking safer and more comfortable and provide pedestrians and cyclists with multiple destinations in close proximity.

The proposed new language is shown with <u>underlining</u> and deleted language is shown with <u>strikethrough</u>.

#### Compatibility with Comprehensive Plan:

The proposal is consistent with the following Comprehensive Plan objectives and policies:

- CME Policy 2.2.1 The City shall maintain or reduce allowable density in the Coastal High Hazard Area consistent with the Future Land Use Map of the Comprehensive Plan.
- FLU Policy 1.2.2 The City shall encourage a balanced land use mix providing for a variety of housing styles, densities and open space.

**TO:** City of New Port Richey City Council

**FROM:** Peter Altman, Finance Director

**DATE:** 8/18/2015

**RE:** Presentation of Audit Report

#### **REQUEST:**

Provide the City's Auditor with the opportunity to present a summary of the Audited Financial Statements. As the Audit report is the product of an independent attestation as to the fairness of the Financial Statements produced by the City, no approval is required.

#### DISCUSSION:

The CPA firm of Mayer Hoffman and McCann P.C. has completed the required annual audit and a representative of the firm will be present to make a presentation to the City Council on the Comprehensive Annual Financial Report generally referred to as the CAFR. The CAFR has been distributed to you and an electronic version can be viewed on the City's Website.

As outlined in the CAFR, there are several sections of the report. The "Opinion Letter" is the formal determination of the Auditor as to whether the Financial Statements "fairly" represent the financial activities and position of the City. The City has received a "clean" opinion and the Auditor will be prepared to answer any questions the City Council may have. This was the first year of a three year engagement and as such, the "fresh eyes" of the auditor identified a number of improvements in processing and internal policy and procedures which they have recommended be instituted by the City moving forward.

Unfortunately, we received word as we came to the conclusion of the audit that Mayer Hoffman and McCann would no longer be auditing governmental entities and as a consequence, we will be requesting proposals once again so that we can select a new audit firm for the FYE 9/30/2015 financial statements.

#### **RECOMMENDATION:**

After hearing the Auditors presentation and asking any questions of the auditors, a motion to receive and file the audit report would be in order.

#### **BUDGET/FISCAL IMPACT:**

The audit is a necessary process and is required by the State of Florida.

**FROM:** Robert M Rivera, Public Works Director

**DATE:** 8/18/2015

**RE:** Advanced Metering Infrastructure (AMI) Project Close-Out Phase 1

#### **REQUEST:**

The request of staff for City Council is to review and consider for approval the Final Deductive Change Order in the amount of (\$12,928.27) and the Final Pay Request in the amount of \$333,582.50 from HD Supply Waterworks, Ltd. for the completion of the AMI Project Phase 1.

#### **DISCUSSION:**

As Council may recall, the AMI project phase I was reviewed and approved by Council during its May 6, 2014 regular meeting. This project included meter register retrofits, meter transmitters installations, meter box and lid replacements where needed, one base station, one antenna tower, and finally, programming/diagnostic equipment compatible with the TylerTechnologies/Munis utility billing software.

Currently, phase 2 of the project is in progress and is expected to be completed by the end of October 2015. Once the project phases are completed, the City's meter reading services agreement will be terminated saving the City \$77,000.00 annually. The new system will eliminate human error as all meters will have live read capabilities for utility staff and customers in real time via the web based system. Other amenities include customized billing cycles and/or one billing date instead of billing cycles, notification of theft of service, water conservation notifications to staff, real time leak detection capabilities, and water usage verification between utility staff and the customer.

#### **RECOMMENDATION:**

Approval of the final deductive change order and final pay request are recommended.

#### **BUDGET/FISCAL IMPACT:**

Funds for this project are identified in the City's current Capital Improvement Program and are available in the Water and Sewer Revenue Fund. The approved not to exceed contract amount for this project is \$1,560,969.77; final cost for the project is \$1,548,041.50.

**TO:** City of New Port Richey City Council

**FROM:** Debbie L. Manns, City Manager

**DATE:** 8/18/2015

**RE:** Group Health Insurance Renewal

#### **REQUEST:**

The request is to enter into a contract with United Health Care relating to group health insurance benefits for the full-time employees of the city.

#### DISCUSSION:

The City received a bid from Blue Cross/Blue Shield of Florida, its current group health care benefit provider, for the continuation of services for the upcoming program year. In that respect, the bid was quoted at an increase of 27.51% over the cost of last year's program.

As a result, the City obtained quotes from alternate carriers. Out of all the quotes that were received, United Health Care provided the most favorable program. United's program is superior to that of Blue Cross/Blue Shield both in terms of the cost to the City and the value of the program platform for the employees.

The cost associated with the United Health Care group health insurance benefits is \$1,289,177 dollars which is a decrease of 2.38% in comparison to the premiums paid for last year's program.

#### **RECOMMENDATION:**

The recommendation is to authorize the City Manager to enter into a contract with United Health Care to provide group health insurance benefits to the full-time employees of the city.

### **BUDGET/FISCAL IMPACT:**

Based on the current enrollment of employees in the various tiers of coverage the cost to the City to provide group health insurance will be \$1,289,177 dollars. The funding to cover this expenditure is provided for in the FY 2015-2016 General Fund Budget.

**DIVISION 3. CULTURAL AFFAIRS COMMITTEE** 

#### Sec. 2-68. Created.

The city council hereby creates the cultural affairs committee.

The purpose of the cultural affairs committee is

 to make recommendations and to advise the city council on the financial sponsorship and creation of cultural activities for the education and recreation of the citizens.

Through 08.18.17

### Sec. 2-69. Duties and responsibilities.

The cultural affairs committee shall

- 1. review all requests made to the city for co-sponsorship of cultural events and shall
- 2. offer a recommendation to the city council regarding the level of financial support for such events. In addition, the cultural affairs committee may
- 3. offer recommendations to the city council for the initiation and promotion of new events to be sponsored either in full or in part by the city.

#### Sec. 2-70. Membership.

- (a) There shall be seven (7) regular members and two (2) alternate members composing the cultural affairs committee. The alternate will serve as a member in the absence of a regular appointed member. At least five (5) members of the cultural affairs committee shall be resident electors of the city. The two (2) remaining members need not be residents of the city, but must be resident electors of the state and must either own or operate a business or be employed in the city. A quorum shall consist of four (4) members.
- (b) The appointment of members to serve on the cultural affairs committee will be for two (2) years. The city council shall select the board members by a majority vote. The city council, by a majority vote, may remove any member with or without cause. If available, vacancies shall be filled from the alternate positions.

(c) A board member who misses two (2) consecutive meetings shall be deemed to have resigned unless the absence has been excused by the chairman prior to the meeting. The chairman of the committee shall notify the city clerk of the member's resignation. (Ord. No. 1463,  $\S$  1, 8-4-98; Ord. No. 1533,  $\S$  1, 8-15-2000)

#### Sec. 2-71. Officers.

The voting members of the cultural affairs committee shall elect one of their members to serve as chairman, one of their members to serve as vice-chairman, and one of their members to serve as secretary. The chairman shall submit an annual report to the city council. The city manager shall provide clerical and administrative staff assistance as may be reasonably required by the cultural affairs committee for the proper performance of its duties.

(Ord. No. 1463, § 1, 8-4-98)

### Sec. 2-72. Voting authority.

All members and alternates, as well as the public, shall have a voice pertaining to the business brought before the cultural affairs committee. Only members are entitled to vote on all proceedings. Alternates may not vote unless taking the place of an absent member. Members of the board shall not vote if they have a conflict of interest pursuant to Florida Statutes.

(Ord. No. 1463, § 1, 8-4-98)

#### Sec. 2-73. Meeting schedule.

The cultural affairs committee shall meet once every ninety (90) days, unless it determines to meet more frequently. All meetings of the cultural affairs committee shall be open to the public in conformance with F.S. § 286.011, otherwise known as the Government in the Sunshine Law. All meetings shall be conducted in accordance with Robert's Rules of Order. The date, time, place and the agenda of the meeting shall be posted by the city clerk in city hall one (1) week prior to the meetings unless an emergency exists. (Ord. No. 1463, § 1, 8-4-98)

### Sec. 2-74. Funding.

The city council shall include a line item allocation in its annual budget to provide for cultural activities or similar purposes. All expenditures made from this appropriation shall be used for cultural events reviewed and approved by the city council. (Ord. No. 1463,  $\S$  1, 8-4-98)

### Sec. 2-75. Compensation.

The members of the board shall serve without compensation but may receive reimbursement for travel expenditures in accordance with Florida Statutes. (Ord. No. 1463,  $\S$  1, 8-4-98)
